The End of an *Era*. . .

Out with the *Old*. . . In with a Discount Tire Store

You may have noticed if you've driven into Decatur this week, that our old David's Western Store building is

being demolished into a pile of scrap metal.

In February 1989, David had bought out the Bryan's Western Wear store, which was located in the strip shopping center by the IGA Market grocery store. Immediately, he knew they needed more room and a retail presence in Decatur. David then bought this building out of foreclosure, that had been a failed Western Auto store and began a complete remodel. The building used to be a perfect rectangle, but David had to chop off about 3000 sq. feet in front of the tack department, so that the store could have more room for parking. November 1989, Davids Western Store moved into what was considered, at the time, to be one of the largest and nicest western stores in the country. The building served David's well for 26 years.

A lot of great memories have been made there, but so many more great memories are to come at our beautiful new store at the top of Wise County! We couldn't ask for a more beautiful place to work in 2017. I think I can speak for all employees when I say we are feeling grateful after seeing how far we have come!
