NEW Employee Feature of the Month

My name is Ryan Pleasant. I graduated from ACU this past December and took the job of Groundskeeping Manager here at NRS. While at ACU, I had the opportunity to hear David Isham speak at an event. This was the first time I had heard of NRS, and I was intrigued by the company. David also judged a product competition where I was a contestant. NRS captivated

me, and when my after-graduation job fell through, I contacted David about a job.

I have been working at NRS since January 9th, and I live in the barn apartment on the Northeast corner of the ranch. I oversee the landscaping and grounds on Sand Hill Ranch. I lead a team of employees that work to create a beautiful environment for customers and employees. We also do routine maintenance on all equipment and the trash detail. I grew up farming and ranching in Albany, TX and started a small landscaping service while in college at ACU. This is the perfect job for my skills set, and I have loved my position thus far. Thanks for taking time to read this. I look forward to meeting more of you, who together, make NRS an incredible place to work.

The First Grandbaby is HERE!

If David seems a bit more full of life lately, it's because he is now a proud grandparent of a sweet baby boy. Lane Lowery Christian was welcomed into the world by his parents Brian & Jaci Christian on Saturday March 11, 2017 at 7:37am. He was 8 lbs. 20 oz. 20" in length.

Congrats to both Brian & Jaci Christian and David & Karen Isham!

Bawk, Bawk

Lots of chick-loving customers walked through the Feed store doors on Saturday, March 25, our official NRS Chick Day. Over 150 baby chicks found a home in our North Texas area. Customers were excited to receive door prizes and raffle giveaways. Thanks to everyone who had a part in the success of our fun day at the Feed Store!

Wounded Warriors participate in Beginner's Clinic

NRS was proud to be able to host these 4 Wounded Warriors in our March/April NRS Trey Johnson Beginner's Clinic. All four of these men have a truly inspiring and heart wrenching story about life in combat and have turned to horses in their journey to recovery. Justin had to learn how to walk again after facing severe injury in combat. Dennis sustained a gunshot

wound to the left arm and has had 15 surgeries to reconstruct and regain the use of his hand and arm. Aaron fought an infection in his spinal column after receiving treatment for a sickness, which left him paralyzed from the waist down. Mike was fighting to save his partner in a HALO (High Altitude Low Opening) Operation and sacrificed his own safety for his partner, resulting in a malfunction in his parachute. letting him fall to the ground at 119 mph.
